

California's Best High Country Climbs

"SuperTopo guidebooks are some of the most used and valuable climbing tools I own."

— TOMMY CALDWELL, 5.15 CLIMBER

"High Sierra Climbing offers the definitive topo guide to the High Sierra's best rock routes."

— DUANE RALEIGH, PUBLISHER, ROCK & ICE MAGAZINE

"SuperTopo makes the world's best climbing topos."

— ALLEN STECK, CO-AUTHOR OF "50 CLASSIC CLIMBS OF NORTH AMERICA"

"SuperTopo has raised the bar for Sierra climbing guidebooks."

— TODD VOGEL, AMGA CERTIFIED ALPINE AND ROCK GUIDE, SIERRA MOUNTAIN CENTER

Over 25 of the best routes in the High Sierra from ridge traverses to 12-pitch faces.

This book focuses on climbs in the 3rd class to 5.7 range, but also includes the Sierra's best hard routes.

Approach detail like you have never seen before: USGS maps, photo-diagrams, and detailed written descriptions.

Spend less time approaching and more time climbing!

As in all SuperTopo books, the author personally climbed and documented each route to create the most detailed and accurate topos ever.
